About Enderun

Enderun is a four-year undergraduate college that offers a full range of bachelor's degree and non-degree courses in the fields of international hospitality management and business administration.

Enderun is committed to the highest international standards of academic excellence. Students receive professional training from leading figures in the global business and hospitality industries. The faculty that oversees Enderun's curriculum includes some of the region's leading academics and industry experts. Even Enderun's campus facilities, which feature hotel-quality appointments and integrated cutting-edge learning technologies, are in a class of their own.

The Enderun approach to education is unique, and highly differentiated. To prepare for leadership positions in the global business environment, Enderun students work closely with faculty mentors, who are themselves industry experts and professionals. Students also gain priceless real-world experience from intensive work internships both in the Philippines and abroad.
